

# 10 Cozy Interior Trends Americans Are Loving in 2025

## Earthy Color Palettes That Ground You

---

- Use warm clay tones, soft mossy greens, and muted ochre for large surfaces
- Pair earthy hues with natural fabrics like linen and wool

## Curves That Welcome You

---

- Opt for curved back furniture—sofas, chairs, tables—over sharp edges
- Soften room layouts with round accent pieces

## Vintage Finds With Stories to Tell

---

- Mix in thrifted pieces or antiques for character
- Embrace imperfect finishes, patina as part of charm

## Textured Walls That Add Depth

---

- Consider grasscloth, linen weaving, plaster texture or wood panels
- Use textures that catch light differently throughout the day

## Layered Lighting for Every Mood

---

- Combine ambient, task, and accent lighting at different levels
- Use warm bulbs (around 2700K) to enhance cozy vibes

## Eco-friendly Materials That Feel Good

---

- Source materials like rattan, cork, reclaimed wood, organic textiles
- Prioritize sustainability in sourcing and durability

## Chunky Knits You Can Sink Into

---

- Add chunky throws, knitted poufs, thick pillows for touchable comfort

## Reading Nooks That Actually Get Used

---

- Create dedicated comfy spots with good lighting and space to linger

## Dark, Moody Kitchens That Feel Luxurious

---

- Use deep tones (navy, forest green, matte black) with warm hardware and wood tones

## Biophilic Design That Brings the Outside In

---

- Incorporate plants, natural shapes and stone or wood accents
